COMMITTEE ON FINANCIAL SERVICES
COMMITTEE ON ARMED SERVICES

CONGRESS OF THE UNITED STATES
HOUSE OF REPRESENTATIVES
WASHINGTON, D.C. 20515

May 3rd, 2024

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting community project funding for Clark County Water Reclamation District's wastewater treatment facility in Moapa Valley in fiscal year 2025. The entity to receive funding for this project is, Clark County Water Reclamation District, 5857 E Flamingo Rd Las Vegas, NV 89122.

The funding would be used to install 8,000 feet of wastewater collection infrastructure that will make sewer available to many homes, County fairgrounds, and many other businesses and residences along the stretch of new sewer line. Due to construction cost escalations in this remote area, additional funding is required for the project.

The project is a good use of taxpayer funds because it provides municipal sewer opportunities for homes along the new extension to connect. Septic tanks and package treatment plants requires homeowner maintenance that can be costly. Health and sanitation issues can occur due to improperly or unmaintained systems. Additionally, extending municipal sewer lines as an individual homeowner is extremely expensive. This line will provide opportunities to many existing homes, undeveloped residential and commercial parcels, and community gathering areas such as the Logandale Sports Complex and the Clark County Fairgrounds, demonstrating its widespread community benefits.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Steven Horsford".

Congressman Steven Horsford
