Dear Chairman Rogers and Ranking Member Meng,

As you begin crafting the Fiscal Year 2026 bill, I respectfully request that you give consideration to the following funding item:

Provide a funding level of \$90,000 for as a community project funding request. The intended recipient is located at 620 Lake Ave, Silver Springs, NV 89429. The project would be a valuable use of taxpayer funds because funding would be used to purchase and retrofit a vehicle for the Mobile Outreach Safety Team to improve the communities knowledge, acceptances, and engagement with the mental health crisis response team. A vehicle that allows for safe transport and maintaining dignity for an individual requiring a mental health crisis hold will reduce the additional trauma experienced by the process. Maintaining clinician safety and still allowing them to have access and ability to engage with an individual in crisis will benefit the whole community by making the process more person centered.

Sincerely,

A handwritten signature in black ink that reads "Steven Horsford".
